

Lomita Park Elementary 2011

The children are second graders that I had last year in Lomita Park for reading. The group of children were my fast readers and the single children were my slower readers. These were taken at the beginning when we were just starting the program of helping at Lomita Park School as volunteers when funds cut their aide program. We in no way replaced paid aides nor did we try to. We just wanted to help in any way we could. Carolyn Mason, Joann Leuwin, Sue Argeris, and Ami Seebode were helpers.
